# INTRODUCTION

Estorya is an online and offline social media platform intended for users to read and write original stories. Using Estorya application, people can create stories and read their preferred genre which is a good way of a recreational activity.

## VISION AND GOAL

Estorya is a great way to relax or can simply be your comfort while reading offline/online stories taking them to places vicariously. It can help them improve their reading, comprehension, critical thinking, and vocabulary.

# RESOURCES

## 01 ANDROID STUDIO

Android Studio is the official integrated development environment for Google's Android operating system, built on JetBrains' IntelliJ IDEA software and designed specifically for Android development.

## 02 CANVA

Canva is an Australian graphic design platform, used to create social media graphics, presentations, posters, documents and other visual content. The app includes templates for users to use.

## 03 REMOVEBG

It is a free service to remove the background of any photo. It works 100% automatically: You don't have to manually select the background/foreground layers to separate them, just select your image and instantly download the result image with the background removed.

## 04 IMG2GO

This web service allows you to edit and convert images online. This is the free web solution for your photo editing, image conversion, and more.

# RESOURCES

## 05 GOOGLE

Google LLC is an American multinational technology company that focuses on artificial intelligence, search engine technology, online advertising, cloud computing, computer software, quantum computing, e-commerce, and consumer electronics.

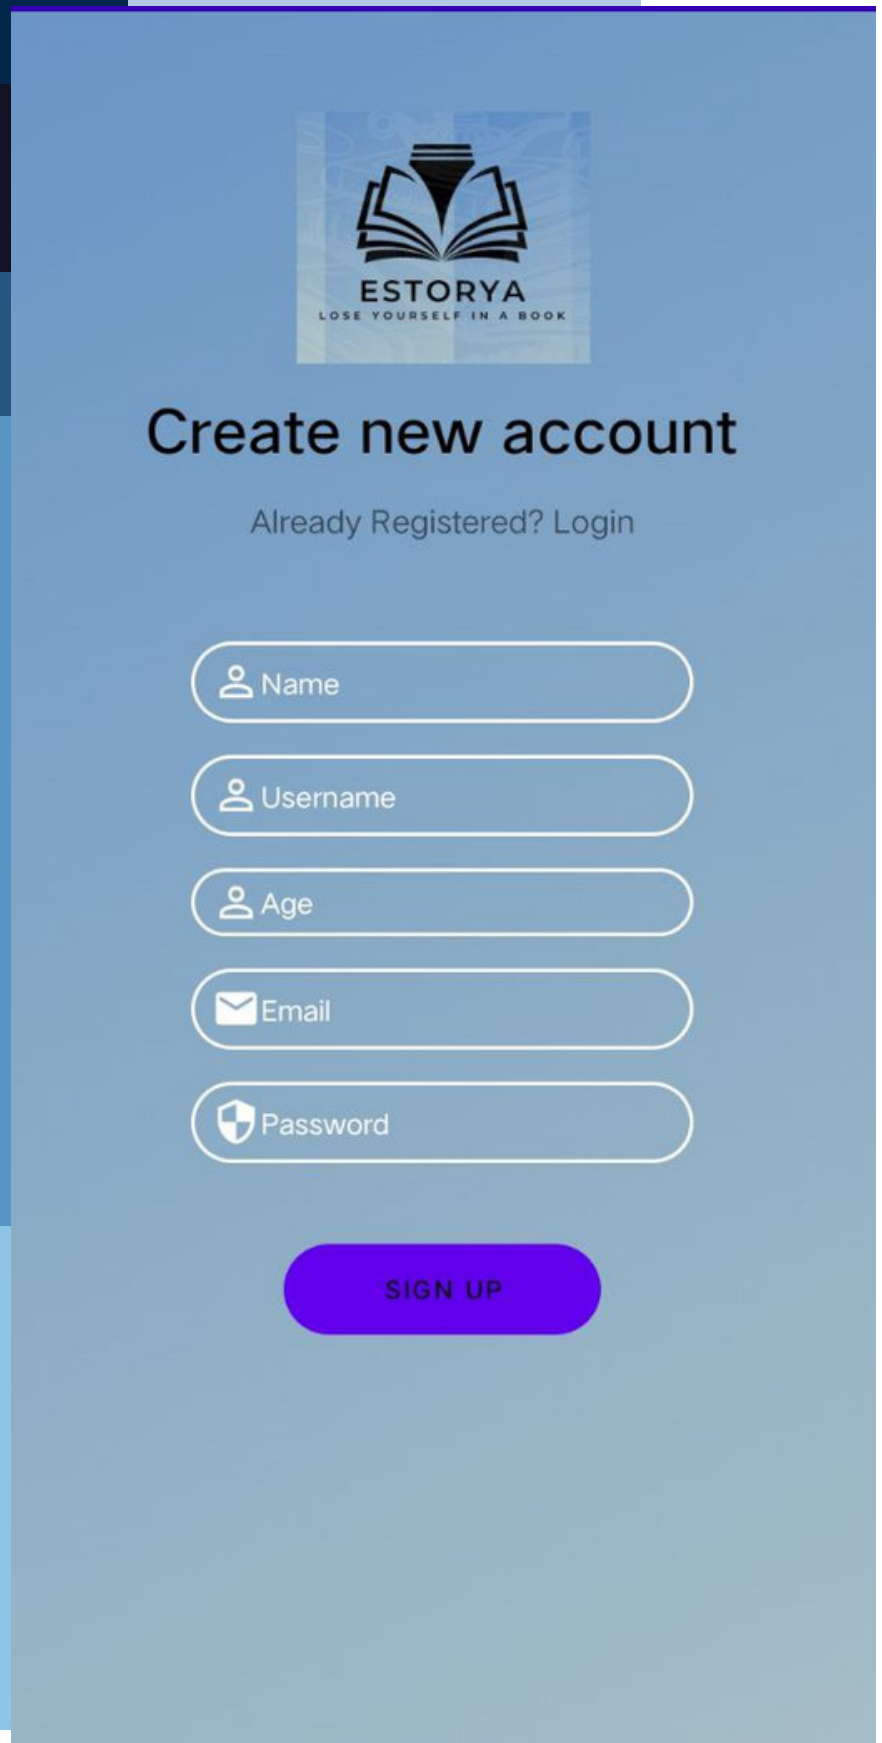

## 06 YOUTUBE

YouTube is an American online video sharing and social media platform headquartered in San Bruno, California. It was launched on February 14, 2005, by Steve Chen, Chad Hurley, and Jawed Karim. It is owned by Google, and is the second most visited website, after Google Search.
